

Guidelines for Scholarships

To ensure that the Amridge University scholarship funds are distributed to the most deserving students, the University has established certain guidelines. The guidelines are:

- ⇒ No student may receive more than one scholarship (institutionally-controlled funds) at a time.
- ⇒ No student will be awarded a scholarship unless his account from previous terms is paid in full.

Graduate/Doctoral Programs

Amridge University offers both need-based and academic scholarships for qualified graduate/doctoral students. The scholarship recipient must be enrolled full-time, maintain the required grade point average for their degree program, and complete the scholarship application.

- ⇒ Before any need-based scholarship will be awarded, the student must have an eligible ISIR (Institutional Student Information Record) in their Financial Aid Office file for the award year. *This is the electronic version of the Student Aid Report. Amridge University receives the ISIR electronically from the Department of Education after the student has filed the Free Application for Federal Student Aid (FAFSA).*
- ⇒ Before an academic achievement scholarship will be awarded, the student must have the following in their Admission's file:
 - ✓ Transcripts of all previous academic work,
 - ✓ Verification of GRE or MAT test scores, and
 - ✓ Two letters of recommendation.
- ⇒ All applications for scholarships must be postmarked by the following dates:
 - June 30th** To be considered for a scholarship for **Fall**.
 - October 31st** To be considered for a scholarship for **Spring**.
 - February 28th** To be considered for a scholarship for **Summer**.
- ⇒ A committee reviews applications for scholarships and the applicant is notified of the committee's decision within thirty days following the application deadline.
