**Internet access and technology requirements necessary for students
desiring interactive course participation for live courses.**

Internet Connection Requirements

A student must have a broadband or high-speed internet connection. Cable Modem, DSL or ADSL, or Satellite is acceptable. Dial-up connections will not permit the required data exchange! If you do not have high-speed internet, please make arrangements to order this service from your local provider. The minimum rates required are a 1.0 Mbps upload speed and a 600kbps download. How to check Internet speed: Go to <http://www.performance.toast.net> to test "Upload Speed" and "Download Speed". The internet service provider's SLA (Service Level Agreement) is usually 70% of what you buy. At 256 Kbit you are promised 179 kbps. At 384 Kbit you are promised 268 kbps, etc.

D-I-S-C-L-A-I-M-E-R

A student's internet service provider (ISP) plays a key role in a student's ability to view archived streaming video successfully. How to check Internet speed: Go to (<http://www.speedtest.net/>) to test "Upload Speed" and "Download Speed." If the test results are unsatisfactory, you may need to notify your ISP, change your ISP, or upgrade equipment before re-testing. Amridge will help you interpret the test and suggest solutions.

Minimum Computer Requirements

Personal Computers (PCs)	Macintosh Computers
- Processor: Intel i5 or AMD ryzen 5 or equivalent	- Processor: Intel i5
- RAM: 8GB	- RAM: 8GB
- Hard Drive: 80GB	- Hard Drive: 80GB
- Internet Speed: 1.0 Mbps/600kbps (up/down)	- Internet Speed: 1.0 Mbps/600kbps (up/down)
- Graphics Card: Integrated	- Graphics Card: integrated
- Speakers: Internal or external	- Speakers: Internal or external
