**Internet access and technology requirements necessary for students
desiring interactive course participation for live courses.**

Internet Connection Requirements

A student must have a broadband or high-speed internet connection. Cable Modem, DSL or ADSL, or Satellite is acceptable. Dial-up connections will not permit the required data exchange! If you do not have high-speed internet, please make arrangements to order this service from your local provider. The minimum rates required are a 1.0 Mbps upload speed and a 600kbps download. How to check Internet speed: Go to <http://www.performance.toast.net> to test "Upload Speed" and "Download Speed". The internet service provider's SLA (Service Level Agreement) is usually 70% of what you buy. At 256 Kbit you are promised 179 kbps. At 384 Kbit you are promised 268 kbps, etc.

D-I-S-C-L-A-I-M-E-R

A student's internet service provider (ISP) plays a key role in a student's ability to view archived streaming video successfully. How to check Internet speed: Go to (<http://www.speedtest.net/>) to test "Upload Speed" and "Download Speed." If the test results are unsatisfactory, you may need to notify your ISP, change your ISP, or upgrade equipment before re-testing. Amridge will help you interpret the test and suggest solutions.

Minimum Computer Requirements

Personal Computers (PCs)	Macintosh Computers
- Processor: Intel i5 or AMD ryzen 5 or equivalent	- Processor: Intel i5
- RAM: 8GB	- RAM: 8GB
- Hard Drive: 80GB	- Hard Drive: 80GB
- Internet Speed: 1.0 Mbps/600kbps (up/down)	- Internet Speed: 1.0 Mbps/600kbps (up/down)
- Graphics Card: Integrated	- Graphics Card: integrated
- Speakers: Internal or external	- Speakers: Internal or external
- Operating System: Windows 8 or higher including respective updates	- Operating System: OS X 12 or higher including respective updates

Amridge University reserves the right to modify this schedule at any time, without prior notice, for any reason, but primarily on the basis of student enrollment and faculty availability.
